

Chris Olave Starts Strong Toward Two Of Three Ohio State Records

Chris Olave returned to Ohio State for his senior season instead of entering the NFL draft, and because of that, he is now in the running for three program records: receptions, receiving yards and receiving touchdowns.

Entering the season, Olave had 111 catches for 1,775 yards and 22 touchdowns. That left him 91 catches, 1,124 yards and 13 touchdowns short of the records held by K.J. Hill (201 catches), Michael Jenkins (2,898 yards) and David Boston (34 touchdowns).

The Minnesota game boosted two of those totals in a big way, while Olave will need some large numbers in the other category.

Olave finished the Week 1 win with four catches for 117 yards and two touchdowns, making him now 87 receptions, 1,007 yards and 11 touchdowns shy of history in all three categories.

Over a 14-game season (12-game regular season, Big Ten championship, one playoff or bowl game), Olave is currently on pace for 56 receptions, 1,638 yards and 28 touchdowns, marking him well short on Hill's record, but well over both Jenkins' and Boston's records.

While it is just one game, Olave has already made his mark and has proven why he is involved with three of the most prestigious top spots in Ohio State history at the wide receiver position.
