— Ohio State Football (@OhioStateFB) December 4, 2024

Height, Weight: 6-4, 180

247Sports Composite Rankings: Miller is the No. 293-ranked player in the country, the No. 11-rated athlete and the No. 8 player in the state of Ohio

Commitment Date: Miller committed to Ohio State on June, 21, 2024

Other Offers: Boston College, Harvard, Iowa State, Kent State, Miami (Ohio), Northwestern, Ohio, Pennsylvania, Toledo, Yale, Youngstown State

How He Did In High School: Miller was the typical athlete in high school, playing quarterback for his team and also slotting in wherever else he was needed. He is a finalist for Ohio's Mr. Football this year along with fellow future Buckeye Bellefontaine five-star quarterback Tavien St. Clair.

Where He Fits For 2025: With how deep Ohio State's wide receiver room is, it's going to be tough for Miller to find any time in the 2025 season, especially since he might not be as polished as players who

have been at the position for years before they go to college. He is talented and athletic enough that he was recruited to be at Ohio State because of his raw talent, so when he gets into the hands of Brian Hartline, he has the potential to really take a jump to another level.
