

StatBroadcast: Ohio State Is Middle Of The Pack In Big Ten And NCAA

Each week, the Big Ten will release a statistics-based document that ranks its programs on the conference and national levels. In this article, BSB collected Ohio State's data, exploring where the Buckeyes measure up against their opponents and discovering which areas the team might need to improve.

Editor's Note: The statistics published by the Big Ten Conference do not include Ohio State's most recent win over IUPUI on Jan. 18. Rankings are established by games played through Jan. 17.
